The Guidance counselors encourage every student to make the best possible use of his abilities while at the Junior High School. School adjustment is vital to success and the counselor assists students, parents and teachers toward this objective.

The Seventh Grade Counselor supervises the orientation program. In addition, the Counselor assists the parents of Seventh Graders by conducting evening programs for the parents. The Counselor devotes many hours helping students who need to make a better adjustment both academically and socially to the Junior High.

The Eighth Grade Counselor is available for help with problems which demand more time than the classroom teacher can give. The Counselor explains the Ninth Grade program to this group and helps each student with his choice of subjects for the next year.

The Ninth Grade Counselors work with students, parents, and teachers for the purpose of planning the high school program. From October through April a student-parent-counselor conference is held with each Ninth Grader. This is an opportunity for both students and parents to ask questions and to receive counseling concerning the student's achievement, his social adjustment, courses to take for grades 10, 11, and 12, colleges, or any other pertinent information.

Mr. Richard Remy, the school psychologist, is available on Wednesday. He serves as an expert in testing and in helping students and parents to better understand themselves and their school.

The Guidance counselors are persons who are trained and very willing to help any student at any time with questions concerning his program, future educational plans, or his social adjustment at school.

MR. JOHN CAMERON

For 28 years, since February 15, 1937, Mr. John Cameron served the Amherst school system as Maintenance Engineer.

He was honored with a surprise party, the night of his retirement, and presented with a gold watch. Mr. Edwin C.

Mustard, our Principal, Mr. Edward Rouse, Assistant Principal, Mr. Herbert Thurnherr, Chief of Custodial Service and other school officials were among those present at the celebration which featured a dinner gathering at an area restaurant.

During the past years your school life has been guided by a group of students organized as the Student Council. The students are elected by you and for you. They are responsible for revising the Student Handbook, the Goodwill Drive, and the Triad and Operetta sales. We exceeded our one thousand dollar goal in the United Fund Drive. The 1965 Student Council has sponsored dress-up days, an activities calendar, and a tutoring service. This year several Student Council members exchanged with Woodlawn and Emit Belknap Junior High Schools. The purpose was to learn more about their Student Councils and acquaint them with our council.

The past 10 years have been footsteps to follow but we must fill those footsteps with service, citizenship, and scholarship in the years to come.

FRESHMEN

CLASS OFFICERS—*Row 1:* Claudia Swenson, Treasurer; Laurie Steinmetz, Vice President; Dianne Nelson, President. *Row 2:* Bill Ruof, Secretary.

HISTORY OF THE FRESHMAN CLASS

In a warm September 1962 the Amherst Central Junior High opened its doors to over 500 new pupils, the new Seventh Graders. How strange it all seemed!

We soon became accustomed to being left out of major school activities, but we were patient; it would all come in due time. Following the custom we elected competent class officers. They were Bill Joyce, president; Carrie Steinhart, vice-president; Jayne Shister, secretary; and Shelly Stromberg, treasurer.

For the first time we could prove our literary talents in the Triad. What a thrill to see your work in print!

The rest of the year sped by and when June came so did exams, which were a new experience for many of us. We didn't mind though, because the summer vacation followed.

As much as we all loved our vacation we were anxious to return to Amherst and all of our friends. This year we attended many of the school dances, such as the "Twilight Twirl," sponsored by the Honor Society.

The serenity of a November 22, 1963, was shattered when the news of the death of our President Kennedy was heard. We mourned with the rest of the world at the loss of the great man.

We soon got back into the groove of our school work. Our extracurricular activities, sports, ski club and language clubs helped us through the year.

As winter gave way to spring the annual Science Fair was held with many Eighth Grade exhibits. One of the highlights of the year was the Honor Society Induction Assembly, when 25 Eighth Graders became members.

Before we knew it, school was over, and the mass-migration for the beaches started.

1964—Freshmen at long last! There was so much more to do and so much more expected of us, but being the oldest in the school made up for it. There was much excitement as the basketball team, cheerleaders and honor teams were picked.

As the year progressed, more knowledgeable freshmen were chosen to be members of the National Junior Honor Society. Just what we had been waiting for came at last . . . the Freshman Farewell!

On a happy note, the last few days were highlighted with Moving-Up Day Ceremonies, climaxing our final activities.
